

Our portfolio of fully-enclosed cartons for cans can be fully customized to your needs.

Fully enclosed cartons offer the maximum possible potential for high-impact graphics, enhancing shelf appeal, and product protection.

Pack enhancements include innovative corner styles such rounded, square and bevelled, integrated handles for easier carrying and openings for easy can dispensing.

Our fully enclosed cartons can be erected and filled using our QuikFlex™ multipack machinery, with options ranging from manual application, to low-to-mid speed, to high-speed.

Sustainability

- Made from renewable fiber from sustainably managed forests
- Easy to recycle after use
- Economy style packs available

Operational Efficiency

- Can fit all can diameters and heights
- Multiple configurations including two layer TwinStack™
- Runs at range of speeds on manual to fully automated solutions
