# ABOUT GRAPHIC PACKAGING INTERNATIONAL FOODSERVICE CANADA

A World of Difference. Made Possible.

---

Graphic Packaging International Canada ULC is part of the world's largest consumer packaging company. We provide to-go packaging for the foodservice industry, partnering with leading brands and distributors across Canada, from quick - service restaurants, stadium concessions, grocery stores, and c-stores to hotels. Additionally, our foodservice products are designed to fit establishments of all sizes, from one-store locations to large national chains.

We make many of our paper products from recycled fibre and/or trees that come from responsibly managed forests, and our N.A. manufacturing facilities are certified to Sustainable Forestry Initiative® (SFI®), Programme for the Endorsement of Forest Certification (PEFC) and Forest Stewardship Council® (FSC®) Chain-of-Custody standards. Our company is committed to improving our circularity with our end-of-life solutions. As a result, we are able to offer a strong selection of products produced in our Canadian facilities that feature recyclable foodservice items.

Providing exceptional service starts with understanding customer requirements. Our sales, manufacturing and customer service teams strive to deliver customer orders on-time, in-full and with no errors. Our strong focus on innovation allows us to deliver creative products and supply chain solutions that improve operator efficiency, elevate new menu items, support added service platforms and enhance the overall consumer experience. With a dedicated staff of designers, our Graphics Department integrates technical printing experience with creative ability to resolve some of the most challenging graphics.

We continuously invest in new technologies to help manufacture high-quality products for our customers. Our business is fully integrated, providing security of supply to our customers. With the recycled fibre, raw material, and the end products produced by us, you can ensure the end product that goes into your consumers' hands is of great quality.

# ECOBISTRO® FOOD PACKAGING

EcoBistro® is Graphic Packaging's line of fibre-based take-out packaging for multipurpose use. It is constructed from paperboard made from renewable plant-based fibre sourced from sustainably managed forests. It includes a high-performance barrier coating that makes EcoBistro the ideal choice for your packaging needs when a high performance grease barrier is required. EcoBistro packaging is available in higher caliper paperboard than other similar packaging and offers maximum food protection, so you can feel confident in all your food applications.
